draw guidance from those decisions in determining their future conduct. This consideration mandates that to the maximum extent possible, information of relevance to the Commission's determination be made part of the record available for public inspection. At the same time, *in camera* treatment of certain relevant information may be appropriate where the prospective injury from disclosure outweighs the public interest in full knowledge.

RSR Corporation, DOCKET 8959, Order Withdrawing *In Camera* Treatment, issued November 2, 1976. Here, complaint counsel have not met their burden of showing that public disclosure of the four papers will likely result in a clearly defined, serious injury.

IT IS HEREBY ORDERED that complaint counsel's Application is DENIED.

IT IS FURTHER ORDERED that the four papers, together with all attachments and exhibits thereto, shall not be maintained under seal and shall be available as part of the public record.
