PAUL HARVEY: From the mailbag: Dear Paul

I was starting to get gray lines in my

6 vision five years ago when I went to an eye care
7 specialist and I was told that there were floaters made
8 of protein deposits and nothing could be done. Well,
9 they got worse 'til I had them in both eyes. I thought
10 it was a lifetime thing.

what did I have to lose

12 so I ordered it. And on the first day, my vision became

PAUL HARVEY: From the mailbag. Mr. Harvey, my

5

mother is 84; has been to four different eye doctors and
best eyeglasses that she could get, but

7

her eyesight was fading. We were not going to renew our
subscriptions because she could not

see. But then we got the vitamins you recommended and
she started taking them Tuesday, and by Thursday, she was
reading our county paper and by Friday, she was reading
New Magazine which she hadn't been able to

PAUL HARVEY: Page four. Mr. Harvey -- I'm reading from the mailbag -- I'm a man of 83. I have had macular degeneration for four years. I was beginning to think that I'd have to spend the rest of my life in the dark. And then we heard you talking about Ocular Nutrition. My wife said, let's try it. Thank God, Paul Harvey, we did.

PAUL HARVEY: This is from the mailbag. Dear

Paul Harvey News: Two years ago I was diagnosed with

6

macular degeneration and no chance of improvement. I

7

couldn't read the newspaper. But my loving wife heard

8

you touting the benefits of Hi-Health on radio.

9

Immediately she called and ordered some Hi-Health Ocular

10

Nutrition.

11

My vision has steadily improved. I can read

12

the paper again. What a marvelous feeling. I want

13

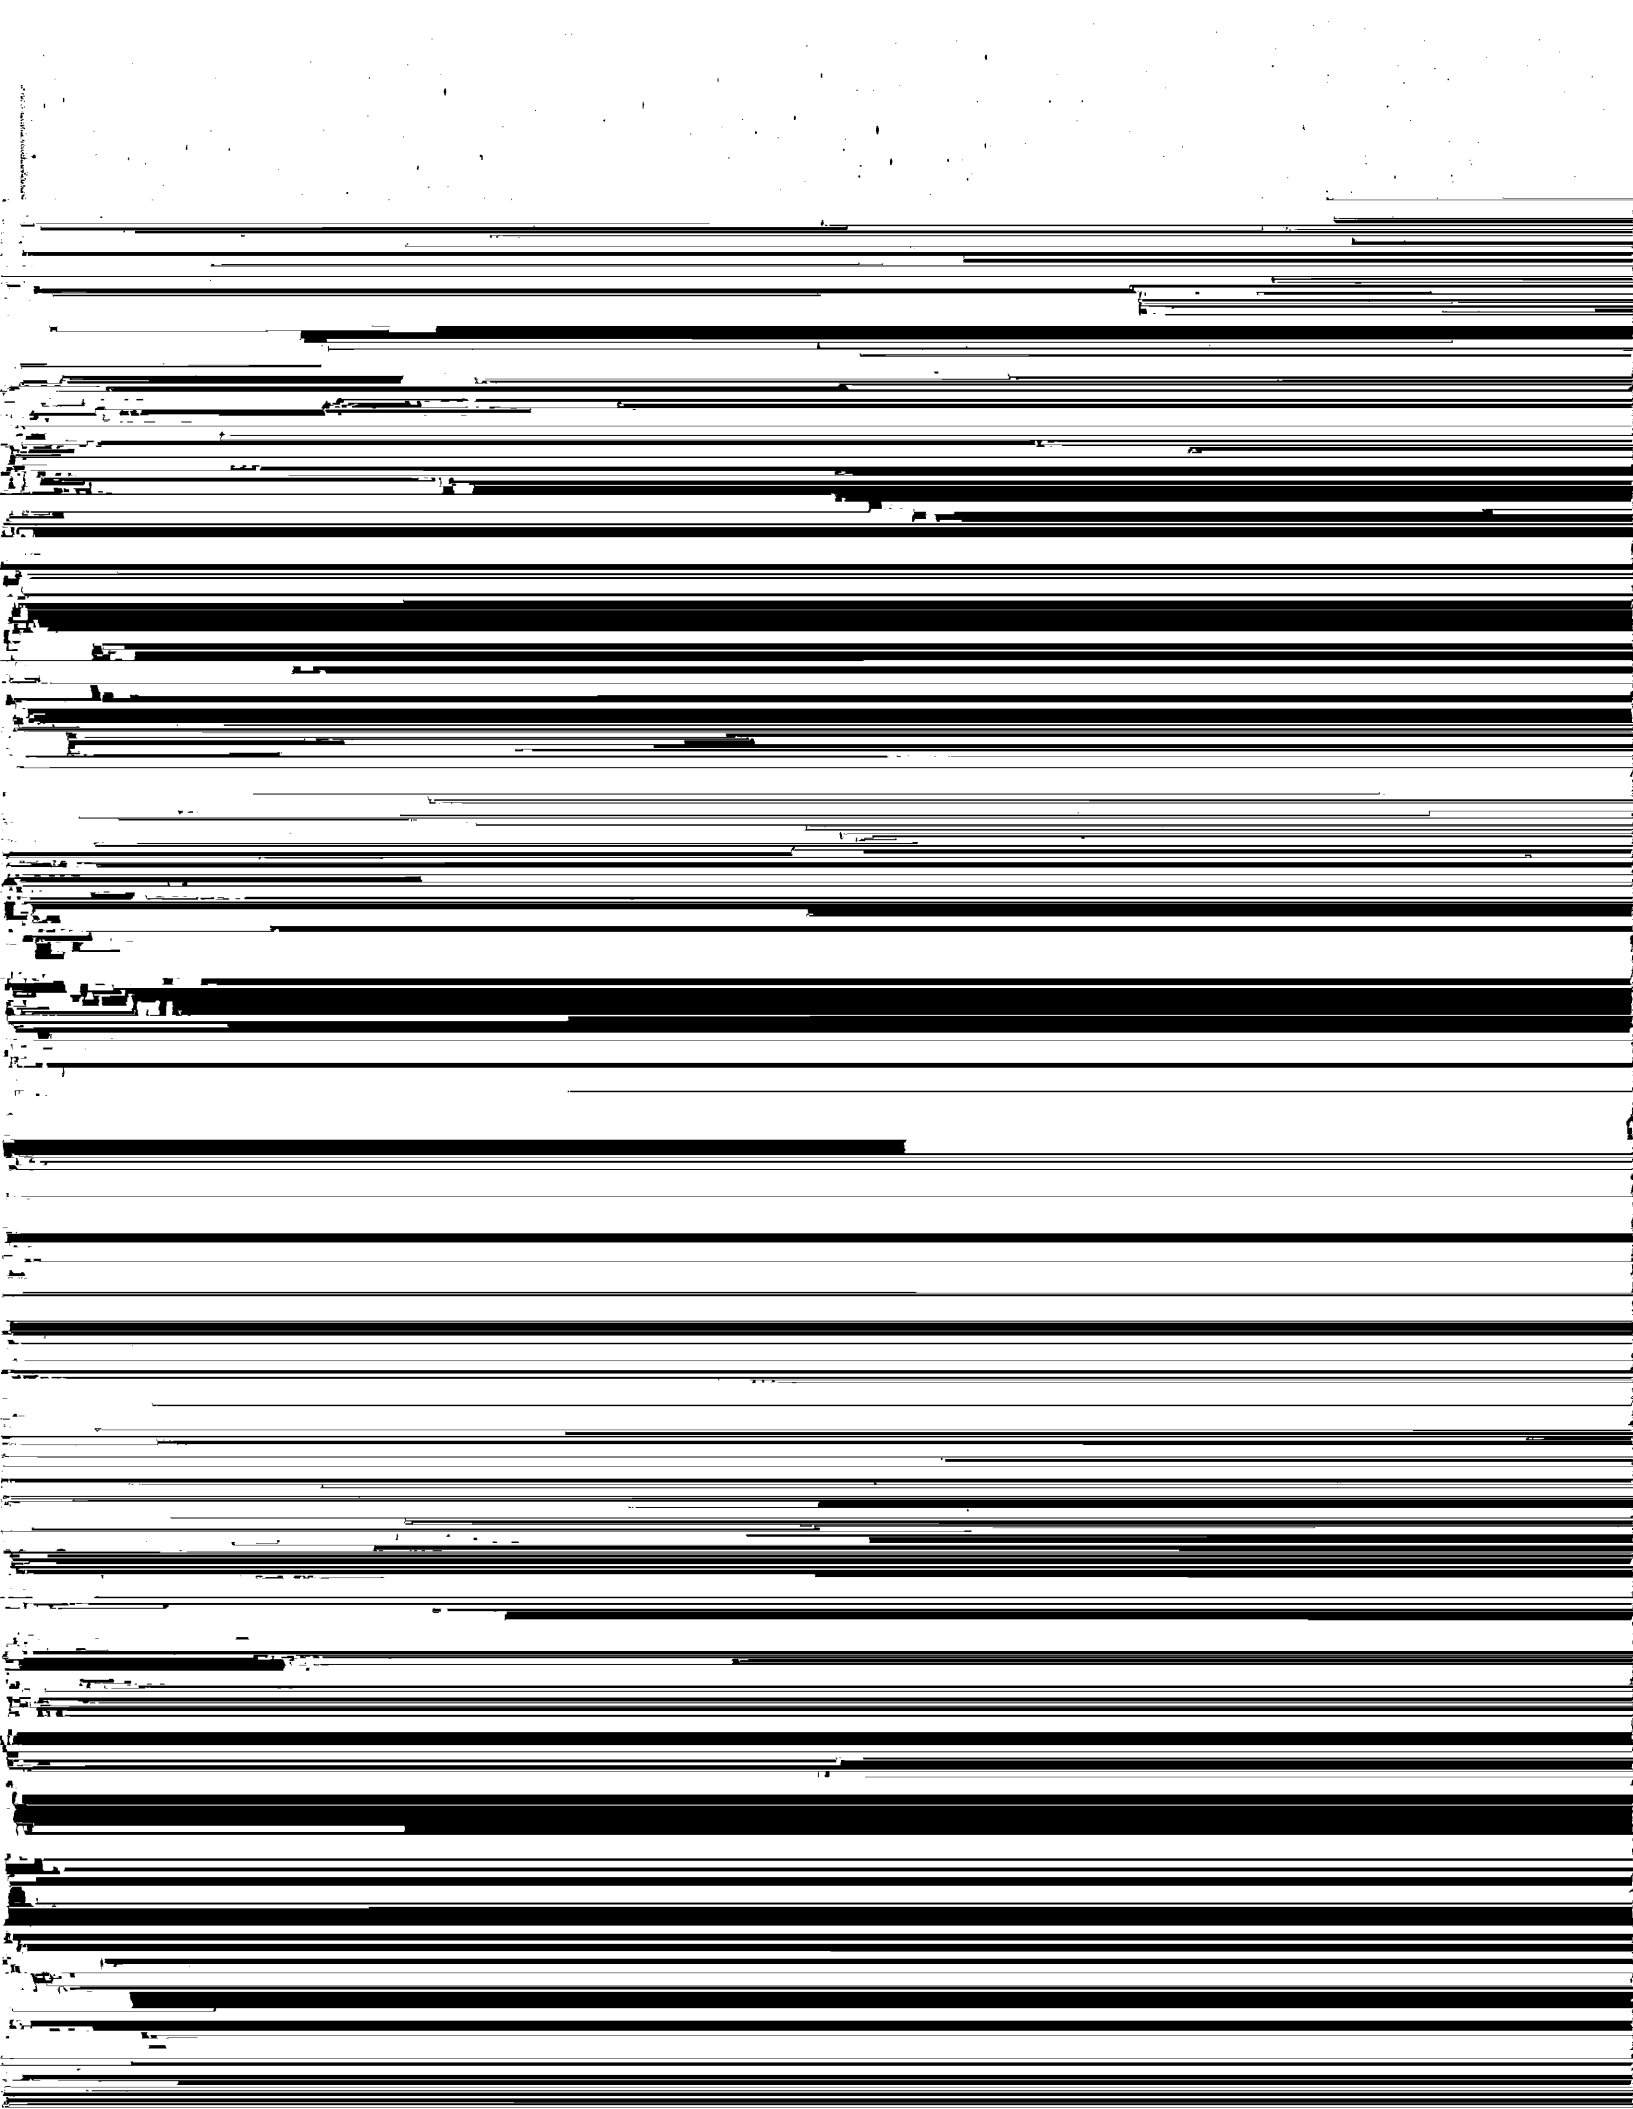

everybody to know that there is help for macular

14

degeneration. My thanks to you and to Hi-Health and my

15

wonderful wife for the fact that I can see again.

PAUL HARVEY: In Denton, Texas, Harold Reed is

a dental doctor and when his mother was diagnosed with

macular degeneration, when she was told there is no treatment for her blurred vision, Dr. Reed remembered that you and I had been talking about a special vitamin formula for Ocular Nutrition and he ordered some for his mother.

Her vision was back to normal. Dr. Reed says he's always
