Rambus's anticompetitive conduct (hereinafter "the Order"). The Commission explained that the Order's purpose is "to restore – to the extent possible – the competitive conditions that would have existed but for Rambus's unlawful conduct." (Remedy Opinion at 27.) The Order prohibits Rambus from engaging in future deception in connection with standard-setting activities, and also significantly limits Rambus's ability to collect "fees, royalties, or other payments" relating to SDR and DDR SDRAM.¹

First, the Order sets the "Maximum Allowable Royalty Rates" (hereinafter "Maximum Rates") that Rambus can charge on its patents for JEDEC-Compliant SDR SDRAM at 0.25% and JEDEC-Compliant DDR SDRAM at 0.50%. (Order I.J.1.) Both rates drop to 0% after three Wears_(Order I.L2.) Second_the Order prohibits Persbus from callesting are attenuated.
