Testimonials and classic examples:

Unfortunately there is not enough room on this site to cover all the testimonials from people who have used these products to treat minor conditions to very serious conditions by both humans and their pets & animals. You are always welcome to use the products first hand to discern their value and/or pass the information along to those who may benefit.

I had lymphoma B cancer & used this herbal **Black Salve** internally & **Black Salve Tablets** instead of a doctors prescribed **68 radiation treatments** with excellent results! I avoided all the unwanted long term side effects of radiation by using black salve. I have chosen to share my experience with others so that they may benefit from it as I have. My cancer is gone and as an added bonus I have a lot more energy. My oncologist told me near the middle of my black salve treatment I had "the blood of a child" but he didn't know why. I had serious reservations about having radiation because of all I've heard & seen from people who have had it. After all these years of humans being subjected to radiation and all the testing they've done with it, people are still dying from it! In my opinion, black salve is the safest and most effective alternative to radiation. Holly B.

I have been plagued for 20 years with malignant basil cell carcinoma. My face & forehead have seven scars from the doctor's knife. Recently my daughter, who used black salve for her horse's melanoma, gave me a little dab of black salve. I used it on what I was sure was another malignant cancer. I made 1 application & about 10 days the tumor came off in the bandaid. There was a hole about 1/8 of an inch deep. It has now filled in & I don't believe there will be much of a scar, if any. I have the salve on another & hopefully the last, cancer & it's working just like the first. To me this is a miracle salve. Bill P., TX

On January 1, 2001 my litter of 8 Rottweiller pups was vomiting & defacating with blood in the stools at 11pm. By 4:00 a.m. all were so ill that I called my daughter in St. Louis because she has worked extensively in veterinary care & is currently working at the university there in the Dept. of Research. She told me it sounded like **Parvo or Corona**, both of which can be fatal. I put all the pups on **Cleansing Time (black salve products)** & within 72 hours they were all drinking & eating on their own & all the above symptoms were over! Karen C.

My friend used **Wings Heart Drops** so he would not have to undergo **surgery for heart disease** that caused his heart to beat irregular & for high blood pressure. He didn't have insurance & was affaid he might not come out of the operation. I gave him a bottle of Wings & less than a week later he told me I was an 'angel' but I only supplied him with 'Wings'. He looked & felt great! Lin Gardnerville, NV

Great News:

Our own Ms. Holly Bacon attended the American Cancer Society's Relay For Life - Hunters for the cure (Southwest division), a 2 day & night team event to help fight cancer and remember those who lost the battle. She along with hundreds of other cancer survivors and other participants ran & walked several miles around a track, lit candles and placed donated quarters along the track. She helped raise money for the American Cancer Society by making & selling Smores (yum), sunglasses & other items. She participated in a Pajama Parade at midnight & won 1st place! She was honored with a tiara, sash & wand then made one last trip around the track in her PJ's! Way to go Holly!

Special Thanks:

Thanks go to Cleansing Time Pro Advisory Board Committee members including Research & Cleansing Consultants who so generously volunteer their time for a very good cause! Good Job!

A piece of history of particular interest dates back to 1825. This is an excerpt from a book authored by John S. Haller published in 1994 by the Southern Illinois University Press called Medical Protestants - the eclectics in American medicine.

With the practice of French physicians using minerals (gold, silver & copper to name a few) to treat their patients came many unsuccessful attempts. But with the few people they were able to miraculously heal with the use of metals they received much attention. The news spread to America, the practice continued and they went on to form an association of physicians. Over a period of time, some physicians incorporated the use of plant life to heal people.

After many years about 50% of the doctors left the association to form a new association of medical protestants built entirely on the use of remedies made from plant life or herbs.

However, since the original mineral association was much older it received more attention from those who would finance their endeavors. So while the mineralists struggled with many disappointing setbacks in their treatments the new protestants were slowly healing people in one small town after another. They remained healing people in this fashion ever since while the old association of metalists continued to grow with the new scientific discoveries being made throughout the century and later became known as the American Medical Association.

So there you have it folks. We can send people to the moon & mars, have a lot of fancy medical machinery to peer deeper into our beings but still can't eradicate deadly diseases. The mark (herbal treatment) was missed by a long shot as explained here but Cleansing Time Pro is turning the tide on this!

The history of black salve started when Tom McCreary was diagnosed with incurable, cancerous tumors on his neck in 1890. He used black salve and went on to live another 70 years!

So please celebrate with us as Cleansing Time Pro salutes 116 years of black salve and the history of the natural healing process!
