In the Matter of Danaher Corporation and MDS, Inc., File No. 091-0159

I. Introduction

The Federal Trade Commission (“Commission”) has accepted from Danaher Corporation (“Danaher”) and MDS, Inc. (“MDS”), subject to final approval, an Agreement Containing Consent Orders (“Consent Agreement”), which is designed to remedy the anticompetitive e

useful technique in the fields of molecular pathology, cell biology, oncology, and forensic medicine where scientists and researchers must separate small cell samples from heterogeneous tissue in order to analyze disease progression and develop more targeted treatments. For these scientists and researchers, the evidence indicates that laser microdissection devices constitute a relevant market for antitrust inquiry. Although other techniques exist for se
