

Analysis of Proposed Consent Order to Aid Public Comment
In the Matter of PPG Architectural Finishes, Inc., File No. 1123160

The Federal Trade Commission (“FTC” or “Commission”) has accepted, subject to final approval, an agreement containing a consent order from PPG Architectural Finishes, Inc. (“PPG”).

The proposed consent order has been placed on the public record for thirty (30) da6000 0.(asnn7.2000 0.0

¹ The order does not require PPG to characterize an increase of less than 50 g/L as “significant” because paints with this level of VOCs are considered by air quality regulators and environmental certification groups to be low in VOCs.
