Harry Robins, Esquire Morgan, Lewis & Bockius LLP 101 Park Avenue New York, N.Y. 10178-0060

Re: Acquisition of FirstSearch Environmental Information Network by Environmental Data Resources, Inc., File No. 131 0073

Dear Mr. Robins:

The Commission has conducted an investigation to determine whether the acquisition of FirstSearch Environmental Information Network by Environmental Data Resources, Inc. ("EDR") violates Section 7 of the Clayton Act or Section 5 of the Federal Trade Commission Act.

Upon further review of this matter, it now appears that no further action is warranted by the Commission at this time. Accordingly, the investigation has been closed. This action is not to be construed as a determination that a violation may not have occurred, just as the pendency of an investigation should not be construed as a determination that a violation has occurred. The Commission reserves the right to take such further action as the public interest may require.

By direction of the Commission.

Donald S. Clark Secretary
