**Analysis of the Complaint and
Proposed Consent Order to Aid Public
Comment***I. Introduction*

The Federal Trade Commission ("Commission") has accepted for public comment an Agreement Containing Consent Orders and a proposed Decision and Order ("proposed Order") with El Paso Energy Corporation ("El Paso"), The Coastal Corporation ("Coastal"), and Dominion Resources, Inc. ("Dominion"). The proposed Order seeks to remedy the anticompetitive effects of El Paso's acquisition of Coastal by requiring El Paso and Coastal ("Respondents") to divest their interests in ten pipelines and one pipeline yet to be constructed. The divestitures are in locations where the Respondents already own additional pipelines and their ownership of the pipelines to be divested would likely injure competition. Additionally, the proposed Order seeks to remedy competition by establishing a development fund to be made available to the purchaser of the Green Canyon and Tarpon pipelines for the purpose of paying to construct pipelines into a defined area of competitive concern.

*II. Description of the Parties and the
Proposed Acquisition*

El Paso, a Delaware corporation, is engaged in the transportation, gathering, processing, and storage of natural gas; the marketing of natural gas, power, and other energy-related commodities; power generation; the development and operation of energy infrastructure facilities worldwide, and the domestic exploration and production of natural gas and oil. El Paso owns or has interests in more than 38,000 miles of intrastate and intrastate natural gas

Transmission pipeline ("MGT") within 120 days of the date upon which the Commission places the proposed Order on the public record, UTOS by April 1, 2001, and the Iroquois pipeline within 90 days of the date upon which the Commission places the proposed Order on the public record.

The Commission is satisfied that the acquirers identified in the proposed Order are well-qualified acquirers and will compete vigorously with the Respondents. The Commission will evaluate additional proposed acquirers for assets to be divested under the proposed Order to make certain that such acquirers will not prevent competitive problems.

In connection with the divestiture of their interests in the Empire, MGT, Stingray, and UTOS pipelines, the proposed Order requires the Respondents to provide transitional services to the purchaser of these pipelines, at a reasonable fee, sufficient to operate the assets. The Respondents must provide these services for a period of up to nine months. Also, in connection with the divestiture of these assets, the Order requires the Respondents to give the acquirers an opportunity to transfer applicable employment relationships from either Coastal or El Paso to each acquirer. These provisions of the proposed Order help assure that there will be a successful and reasonably short transition of the pipelines to the new owners.

The proposed Order also contains additional provisions with respect to the divestiture of Gulfstream Natural Gas System. Gulfstream Natural Gas System is beginning to construct a 140-mile natural gas pipeline that will originate near Mobile Bay, Alabama; extend across the Gulf of Mexico to the west coast of Florida near Tampa; and extend inland to various destinations in the Florida peninsula. To ensure that the pipeline meets its scheduled in-service date of June 1, 2002, the proposed Order requires Respondents to provide consulting services, at a reasonable fee, to the buyer of Gulfstream until June 2002. The proposed Order prohibits the Respondents from acquiring any long term firm capacity on Gulfstream (except for their own end use) and from disclosing or making available any Gulfstream confidential information to any person. The Respondents are further prohibited from using any Gulfstream confidential information, except to provide consulting services to the buyer of Gulfstream.

In connection with the divestiture of the MGT pipeline, the proposed Order requires the Respondents to include and

enforce a provision in the MGT purchase and sale agreement that requires the MGT acquirer to connect MGT to the Guardian pipeline ("Guardian Interconnection"). The Respondents are prohibited by the proposed Order from engaging in any action, or failing to take any action, the result of which would prevent, hinder, or delay completion of the Guardian Interconnection. Furthermore, the proposed Order prohibits the Respondents from engaging in any unfair or deceptive practice that would prevent, hinder, or delay construction of the Guardian pipeline; and requires Respondents to notify publicly the Federal Energy Regulatory Commission and the Public Service Commission of Wisconsin if Respondents fund any third-party effort to oppose the Guardian pipeline. These provisions are designed to ensure the effectiveness of the Commission's remedy. With regard to the MGT divestiture, the Respondents must divest MGT to a buyer approved by the Commission within 120 days from the date upon which the Commission places the proposed Order on the public record.

In connection with the divestiture of its interests in the Iroquois pipeline, the proposed Order prohibits Respondents from divesting more than 8.72% of their partnership interest in Iroquois pipeline to Dominion Resources. This limitation prevents Dominion Resources from acquiring additional control or influence over the Iroquois pipeline that could be used to thwart competition. The proposed Order also prohibits Respondents from serving on any committee of the Iroquois pipeline, attending any meeting of any such committee, or receiving any information from the Iroquois pipeline not made available to all shippers or to the public at large. Furthermore, until the Respondents are removed from the Iroquois Management Committee, the proposed Order requires that the Respondents' vote be cast in favor of expansion, if such a vote should arise. The Respondents are also deemed, by proposed Order, to vote to create unanimity when unanimous action is required within a voting bloc in order to cast that bloc's vote. These provisions prevent the Respondents from gaining access to competitively sensitive information that could be used to prevent competition between Respondents and the Iroquois pipeline, and keep the Respondents from limiting the ability of the Iroquois pipeline to expand in the Albany market.

The proposed Order also requires that the Respondents to create a fund to encourage expansions of the Tarpon and

Green Canyon pipelines by providing \$40 million, within ten days from the date of the divestiture of the Tarpon and Green Canyon pipelines, to be deposited in an interest-bearing account. The Tarpon and Green Canyon pipelines will be permitted to use the fund to pay the direct costs of constructing a natural gas pipeline or related facility that originates at any pipeline owned by the Green Canyon and Tarpon acquirer, and which extends to a location within a specified area. The fund will ensure that competition is maintained by allowing the Tarpon and Green Canyon acquirer to extend its pipelines into an area of competitive concern and to compete against the Respondents in that area. Without this fund competition would be reduced and the Tarpon and Green Canyon acquirer would be at a competitive disadvantage due to the longer distance between the acquiring firm's pipelines and the areas of concern. Any money remaining in the fund after twenty years will be paid to Respondent El Paso.

The proposed Order further requires that the Respondents assist the acquires of the Gulfstream, Empire, Iroquois, MGT, Green Canyon, Tarpon, Nautilus, Manta Ray, Nemo, Stingray, and UTOS pipelines in obtaining any approval, consent, ratification, waiver, or other authorization (including governmental) that is or will become necessary to complete the divestitures required by the proposed Order.

Additionally, for a period of 10 years after the proposed Order becomes final, the Respondents must provide written notice to the Commission prior to acquiring any interest in any of the assets which are required to be divested by the proposed Order. The proposed Order also prohibits the Respondents from entering into any agreement to acquire any rights to long term firm transportation on the Gulfstream, Empire, or MGT pipelines from the date Respondents sign the Agreement Containing Consent Orders until Respondents have divested the applicable pipeline. After that date, and for a period of ten years, Respondents must provide advance written notification before entering into an agreement to purchase long term firm transportation greater than 100,000 dekatherms per day on either the Empire or MGT pipeline. There is an exception to these restrictions where the purchase of the transportation is for the Respondents' own end use. Furthermore, the Respondents must provide the Commission with a report of compliance with the proposed Order within 60 days after the proposed Order becomes final, annually thereafter until

the order terminates, and at other times as the Commission may require.

The parties will also be subject to an "Order to Maintain Assets," to be issued by the Commission. Under the Order to Maintain Assets, between the date the Respondents sign the Agreement Containing Consent Orders and the date of divestiture of the applicable asset, the Respondents must maintain the assets to be divested in substantially the same condition as existing on the date the Respondents signed the Agreement Containing Consent Orders; use their best efforts to keep available the services of current personnel relating to the assets to be divested and to maintain the relations and good will of those entities which have business relationships with the assets to be divested; and preserve the assets to be divested intact as an ongoing business. Under the Order to Maintain Assets, the Respondents must also provide the acquirers of the assets to be divested an opportunity to transfer employment relationships from the Respondents to the acquirers. In addition, the Order to Maintain Assets imposes several obligations on the Respondents which are also imposed by the proposed Order and which are mentioned earlier in this notice.

Further, Dominion Resources, which already owns 16% of the Iroquois pipeline, has been made a party to the proposed Order for the purposes of requiring it to provide the Commission with advance written notification before increasing its interest in the Iroquois pipeline.

Finally, under the terms of the proposed Order, in the event that El Paso does not divest the assets required to be divested under the terms and time constraints of the proposed Order, the Commission may appoint a trustee to divest those assets, expeditiously, and at no minimum price. The proposed Order also authorizes the Commission to appoint a Monitor Trustee to oversee the Development Fund by ensuring that those funds are used in a manner consistent with the terms of the proposed Order.

V. Opportunity for Public Comment

The proposed Order has been placed on the public record for 30 days for receipt of comments by interested persons. Comments received during this period will become part of the public record. After 30 days, the Commission will again review the proposed Order and the comments received and will decide whether it should withdraw from the proposed Order or make it final. By accepting the proposed Order subject to final approval, the Commission anticipates that the competitive

problems alleged in the Complaint will be resolved. The purpose of this analysis is to invite public comment on the proposed Order, including the proposed divestitures, to aid the Commission in its determination of whether to make the proposed Order final. This Analysis is not intended to constitute an official interpretation of the proposed Order, nor is it intended to modify the terms of the proposed Order in any way.

By direction of the Commission.

Donald S. Clark,

Secretary.

BILLING CODE 6750-01-M

FEDERAL TRADE COMMISSION

[File No. 001-0172]

Entergy Corporation, et al., Analysis to Aid Public Comment

AGENCY: Federal Trade Commission

ACTION: Proposed Consent Agreement.

SUMMARY: The consent agreement in this matter settles alleged violations of federal law prohibiting unfair or deceptive acts or practices or unfair methods of competition. The attached Analysis to Aid Public Comment describes both the allegations in the complaint that accompanies the consent agreement and the terms of the consent order—embodied in the consent agreement—that would settle these allegations.

DATES: Comments must be received on or before March 2, 2001.

ADDRESSES: Comments should be directed to: FTC/Office of the Secretary, Room 159, 600 Pennsylvania Ave., NW., Washington, DC 20580.

FOR FURTHER INFORMATION CONTACT: William Vigdor, Frank Lipson or Anne Schenof, FTC/S-2105, 600 Pennsylvania Ave., NW., Washington, DC 20580. (202) 326-3177, 326-2617 or 326-2031.

SUPPLEMENTARY INFORMATION: Pursuant to section 6(f) of the Federal Trade Commission Act, 38 Stat. 721, 15 U.S.C. 46 and § 2.34 of the Commission's rules of practice (16 CFR 2.34), notice is hereby given that the above-captioned consent agreement containing a consent order to cease and desist, having been filed with and accepted by the Commission, has been placed on the public record for a period of thirty (30) days. The following Analysis to Aid Public Comment describes the terms of the consent agreement, and the allegations in the complaint. An electronic copy of the full text of the

consent agreement package can be obtained from the FTC Home Page (for January 31, 2001), on the World Wide Web, at "http://www.ftc.gov/os/2001/01/index.htm." A paper copy can be obtained from the FTC Public Reference Room, Room H-130, 600 Pennsylvania Avenue, NW., Washington, DC 20580, either in person or by calling (202) 326-3627.
