

Commission, which termination shall be effective ten (10) days after the Commission's receipt of such notice, and this Agreement shall thereafter be of no further force and effect. Termination of this Agreement shall in no way operate to terminate the Consent Order that Nestlé has entered into in this matter.

7. This Agreement shall not be binding until approved by the Commission.

Analysis of Proposed Consent Order To Aid Public Comment

The Federal Trade Commission has accepted for public comment from Nestlé Food Company ("Nestlé"), an agreement containing a consent order to divest certain assets. The agreement is designed to remedy any anticompetitive effect stemming from Nestlé's acquisition of most of the assets of Allen Products Company, Inc., d/b/a ALPO PetFoods, and its subsidiaries ("Alpo"), a wholly-owned subsidiary of Grand Metropolitan Incorporated ("Grand Metropolitan"). Nestlé is an indirect subsidiary of and controlled by Nestlé S.A.

The agreement has been placed on the public record for 60 days for reception of comments from interested persons. Comments received during this period will become part of the public record. After 60 days, the Commission will again review the agreement and comments received, and will decide whether it should withdraw from the agreement or make final the order contained in the agreement.

The Commission's draft complaint charges that on or about September 16, 1994, Nestlé and its parent Nestlé S.A. agreed to acquire certain assets of Alpo, a wholly-owned subsidiary of Grand Metropolitan, for \$510 million. The Commission has reason to believe that the acquisition, as well as the agreement to enter into the acquisition, may have anticompetitive effects and be in violation of Section 7 of the Clayton Act and Section 5 of the Federal Trade Commission Act.

According to the draft complaint, Nestlé and Alpo are direct competitors in the United States market for the manufacture and production of canned cat food. According to the draft complaint, the market is highly concentrated and entry is difficult or unlikely. Nestlé acquisition of Alpo may reduce competition in the United States canned cat food market by eliminating

the direct competition between Nestlé and Alpo, by increasing the likelihood that Nestlé will become a dominant firm, and by increasing the likelihood of collusive behavior among the few remaining significant competitors. Consequently, the acquisition may lead to higher prices for purchasers of canned cat food.

The agreement containing consent order attempts to remedy the Commission's competitive concerns about the acquisition. Under the terms of the proposed order, Nestlé must divest its canned cat food manufacturing facility located in Fort Dodge, Iowa, within twelve months, to a purchaser approved by the Commission. The assets to be divested included: (1) All rights to the real property, buildings, machinery, fixtures, equipment, furniture, tools, supplies and spare parts; (2) all warranties and technical information concerning the equipment; and (3) at the option of the purchaser, all supply contracts that Nestlé has the absolute right to assign. A separate asset maintenance agreement requires the respondent to maintain the assets that are to be divested in a marketable and viable condition pending divestiture.

If Nestlé fails to complete the divestiture within the twelve months, the Commission may appoint a trustee to divest the facility. In addition, at the option of the purchaser, the trustee is empowered to grant the purchaser a non-exclusive license to use any and all of Alpo's wholly-owned private label formulations for the manufacture of canned cat food. The license may extend up to five years.

For ten years, the agreement containing consent order also requires Nestlé to obtain Commission approval before acquiring either stock in another company engaged in, or assets used in, the manufacture or production of canned cat food in the United States.

By accepting the consent order subject to final approval, the Commission anticipates that the competitive problems alleged in the complaint will be resolved. The purpose of this analysis is to invite and facilitate public comment concerning the consent order. It is not intended to constitute an official interpretation of the agreement and proposed order or in any way to modify their terms.

Donald S. Clark,
Secretary.

Analysis of Proposed Consent Order To Aid Public Comment

The Federal Trade Commission has accepted an agreement, subject to final approval, to a proposed consent order from proposed respondents Ninzu, Inc. d/b/a Davish Enterprises and Davish Health Products, Davish Merchandising, Inc., Order By Phone, Inc. d/b/a Auricle Clip, Inc., and Michael B. Metzger.

The proposed consent order has been placed on the public record for sixty (60) days for reception of comments by interested persons. Comments received during this period will become part of the public record. After sixty (60) days, the Commission will again review the agreement and the comments received and will decide whether it should withdraw from the agreement and take other appropriate action or make final the agreement's proposed order.

This matter concerns advertising related to the sale of an acupuncture device, marketed under the names Ninzu, Auricle Clip, and B-Trim, which

clips onto the ear. The Commission's Complaint charges that proposed respondents Ninzu, Inc. d/b/a Davish Enterprises and Davish Health Products, Davish Merchandising, Inc., Order By Phone, Inc. d/b/a Auricle Clip, Inc., and Michael B. Metzger falsely represented that: (1) The Ninzu, the Auricle Clip, and the B-Trim cause significant weight loss; (2) the Ninzu causes significant weight loss without the need to diet or exercise; (3) the Auricle Clip causes significant weight loss without the need to diet; (4) the Ninzu controls appetite and eliminates a person's craving for food; (5) the Auricle Clip controls appetite; and (6) the B-Trim reduces the user's craving for food and causes weight loss without the user feeling hungry.

The Complaint also alleges that proposed respondents falsely and misleadingly represented that they possessed and relied upon a reasonable basis when they made those claims. The Complaint further alleges that proposed respondents falsely represented that the Ninzu and Auricle Clip are scientifically proven to cause significant weight loss and control appetite. Finally, the Complaint alleges that proposed respondents falsely represented that testimonials from consumers appearing in advertisements for the Ninzu reflect the typical or ordinary experience of members of the public who have used the Ninzu.

The proposed consent order contains provisions designed to remedy the violations charged and to prevent the proposed respondents from engaging in similar acts in the future.

Part I of the proposed order prohibits proposed respondents from representing that the Ninzu, Auricle Clip, B-Trim, or any other acupressure device: (1) Causes significant weight loss; (2) causes significant weight loss without the need to diet or exercise; (3) controls appetite, eliminates a person's craving for food, or causes weight loss without the user feeling hungry; or (4) is scientifically proven to cause significant weight loss and control appetite. The order defines "acupressure device" as "any product, program, or service that is intended to function by means of the principles of acupressure." Part II requires proposed respondents to possess competent and reliable scientific evidence before making representations regarding the performance, benefits, efficacy, or safety of any weight-loss or weight-control product or program or any acupressure device. Part III prohibits proposed respondents from falsely claiming that endorsements or testimonials for any weight-loss or weight-control product or program or any acupressure device

represent the typical or ordinary experience of members of the public who use the product, program, or device. Part IV prohibits proposed respondents from misrepresenting the results of tests or studies for any weight-loss or weight-control product or program or any acupressure device.

Part V requires proposed respondents to maintain, for five (5) years, all materials that support, contradict, qualify, or call into question any representations they make which are covered by the proposed order. Part VI requires proposed respondents Ninzu, Inc. d/b/a Davish Enterprises and Davish Health Products, Davish Merchandising, Inc., and Order By Phone, Inc. d/b/a Auricle Clip, Inc. to distribute a copy of the order to current and future principals, officers, directors, and managers, as well as to any employees having sales, advertising, or policy responsibility with respect to the subject matter of the order. Under Part VII of the proposed order, proposed respondents Ninzu, Inc. d/b/a Davish Enterprises and Davish Health Products, Davish Merchandising, Inc., and Order By Phone, Inc. d/b/a Auricle Clip, Inc. shall notify the Federal Trade Commission at least thirty (30) days prior to any proposed change in their corporate structures that may affect compliance with the order's obligations. Part VIII requires that proposed respondent Metzger, for a period of five (5) years, notify the Commission of any change in his business or employment. Part IX obliges proposed respondents to file compliance reports with the Commission.

The purpose of this analysis is to facilitate public comment on the proposed order, and it is not to constitute an official interpretation of the agreement and proposed order or to modify in any way their terms.

Secretary.
