FEDERAL TRADE COMMISSION

Agency Information Collection Activities; Submission for OMB Review; Comment Request

AGENCY: Federal Trade Commission.

ACTION: Notice.

SUMMARY: The Federal Trade Commission (FTC) has submitted to the Office of Management and Budget (OMB) for review under the Paperwork Reduction Act (PRA) information collection requirements contained in its regulations ("regulations") under the Comprehensive Smokeless Tobacco

Health Education Act of 1986 ("Smokeless Tobacco Act" of the "Act"). The FTC is seeking public comments on its proposal to extend through August 31, 2004 the current

ork

¹ The Commission seeks comment on the costs and burdens imposed by the existing smokeless tobacco regulations. In March 2000, the Commission commenced a regulatory review of its smokeless tobacco regulations to determine whether there is a continuing need for the regulations and, if so, what revisions, if any, should be made. 65 FR 11944 (Mar. 7, 2000). In addition to comments sought on the costs and benefits of the existing regulations, the Commission requested comment on whether the regulations are effective in meeting the Smokeless Tobacco Act's format and display requirements and whether the current "safe harbor" approach is sufficiently enforceable. If the Commission determines that the regulations should be amended, it will commence a rulemaking proceeding. Should resulting amendments materially affect PRA burden, the Commission will notify OMB and seek amended clearance.

Description of the collection of information and proposed use: The Smokeless Tobacco Act requires that manufacturers, packagers, and importers of smokeless tobacco products include one of three specified health warnings on packages and in advertisements. The Act also requires that each manufacturer, packager, and importer of smokeless tobacco products submit a plan to the Commission specifying the method to rotate, display, and distribute the warning statement required to appear in advertising and labeling. The Commission is required by the Act to determine that these plans provide for rotation, display, and distribution of warnings in compliance with the Act and implementing regulations. With one exception, all of the affected companies have previously filed plans. However, the plan submission requirement continues to apply to a company that amends its plan, or to a new company that enters the market.

Burden Statement

Estimated annual hours burden: 1,000 hours (rounded). The FTC is retaining its existing burden estimate of 1,000 hours. This amount is based on the burden previously estimated for fourteen smokeless tobacco companies to prepare and submit amended compliance plans, and to permit at least three new companies to submit initial compliance plans. Though staff's calculations underlying the estimate totaled 560 hours, staff then conservatively rounded up its estimate to 1,000 hours. Staff firmly believes that this prior rounded estimate will fully incorporate any incremental effects of an additional three companies submitting plans.

Virtually all affected companies filed their plans long ago with the Commission. Additional annual reporting burdens would occur only if those companies opt to change the way they display the warnings required by the Smokeless Tobacco Act. Although it is not possible to predict whether any of these companies will seek to amend an existing approved plan (and possibly none will), staff conservatively assumes that each company will file one amendment per year. This estimate is conservative because, over the past three years, the Commission has reviewed only two minor amendments to plans and the Commission has not changed the relevant regulations.

³This company has been selling smokeless tobacco products for several years, but failed to submit a plan as required by the Act and the regulations. The company is in the process of submitting a plan to the Commission. Thus, most, if not all, of the 150 estimated burden hours likely will have been expended before August 31, 2001. However, erring on the conservative side, staff has included these hours in its burden estimate.

²See note 1.

which the companies should have on hand in the ordinary course of their business. Because neither firm engaged in any advertising, no costs associated with advertising were incurred.

William E. Kovacic,
General Counsel.
