Section A. Background

Federal Register

The Commission has received information from the State of California that the State is planning to issue bonds for the purpose of financing the construction of a new State Office Building in San Francisco. The Commission is concerned that the issuance of such bonds may be in violation of the provisions of the State Constitution which prohibit the State from incurring any debt without the approval of the voters.

The Commission has therefore requested the State to provide information regarding the proposed bond issue, including the amount of the bonds, the purpose of the bonds, and the estimated cost of the project. The Commission is also interested in knowing whether the State has taken any steps to ensure that the proposed bond issue complies with the provisions of the State Constitution.

The Commission is currently reviewing the information provided by the State and will report to the public as soon as it has completed its review.
