Dear Mr. Sharpe:

I am writing to confirm the content of our two telephone conversations on Thursday, July 14, 1994. During those conversations, I asked you several questions about Items 8 and 6(b) of the Pre-Merger Notification Form.

First, I inquired about what type of information should be supplied for Item 8 when the [REDACTED] relationship at

the [REDACTED] a fully equipped factory. You informed me that, with respect to Item 8, the only information that needs to be supplied in this situation is a general description of the parties' contractual relationship, the type of products supplied by the [REDACTED], and the approximate value of the contract.

In regard to Item 6(b), I asked whether it was necessary, when the reporting party has one class of common stock and

several classes of convertible preferred stock, to aggregate the voting rights of the common stock and the potential voting rights percentage with respect to the total outstanding voting rights. You informed me that it was only necessary to report the individual holders' percentages with respect to the class of securities held by the holder.
