

**PANEL 2: RECENT AND PROPOSED CHANGES IN REMEDIES LAW**

1:30-3:00

This panel will explore recent and proposed changes in remedies law, their impact on innovation and consumers, and the use of economic analysis in determining remedies. Among other topics, the panel will consider: what economic evidence is relevant when analyzing whether to grant a permanent injunction; whether the legal rules governing patent damages result in awards that appropriately compensate patentees; and whether changes in willfulness doctrine have altered the behavior of patentees and potential infringers.
