

Press Remarks of Chairman Jon Leibowitz as Prepared for Delivery

virtual and brick-and-mortar worlds. We also ask Congress to consider baseline privacy legislation.

We challenge companies offering mobile services to improve their privacy practices, including developing meaningful disclosures. We'll be holding a workshop to talk about so-called "Dot-Com Disclosures" on May 30th.

We are concerned about the ability of large platforms – such as ISPs, operating systems, and social media – to track users virtually everywhere they go on the Internet. This is a
