

Analysis of Proposed Consent Order to Aid Public Comment
In the Matter of Fantage.com, Inc., File No. 142 3026

The Federal Trade Commission (“FTC” or “Commission”) has accepted, subject to final approval, a consent agreement applicable to Fantage.com, Inc. (“Fantage”).

The proposed consent order has been placed on the public record for thirty (30) days for receipt of comments by interested persons. Comments received during this period will become part of the public record. After thirty (30) days, the Commission will again review the agreement and the comments received, and will decide whether it should withdraw from the agreement and take appropriate action or make final the agreement’s proposed order.

This matter concerns alleged false or misleading representations that Fantage made to consumers concerning its participation in the Safe Harbor privacy framework agreed upon by the U.S. and the European Union (“EU”) (“U.S.-EU Safe Harbor Framework” or “Safe Harbor Framework”). It is among several actions the Commission is bringing to enforce the promises that companies make when they certify that they participate in the Safe Harbor Framework. The Safe Harbor framework allows U.S. companies to transfer data outside the EU consistent with European law. To join the Safe Harbor framework, a company must self-certify to the U.S. Department of Commerce (“Commerce”) that it complies with a set of principles and related requirements that have been deemed by the European Commission as providing “adequate” privacy protection. These principles include notice, choice, onward transfer, security, data integrity, access, and enforcement. Commerce maintains a public website, www.export.gov/safeharbor

regulatory or standard-setting organization, including, but not limited to, the U.S.-EU Safe Harbor Framework.

Parts II through VI of the proposed order are reporting and compliance provisions. Part II requires Fantage to retain documents relating to its compliance with the order for a five-year period. Part III requires dissemination of the order now and in the future to persons with responsibilities relating to the subject matter of the order. Part IV ensures notification to the FTC of changes in corporate status. Part V mandates that Fantage submit an initial compliance report to the FTC, and make available to the FTC subsequent reports. Part VI is a provision “sunsetting” the order after twenty (20) years, with certain exceptions.

The purpose of this analysis is to facilitate public comment on the proposed order. It is not intended to constitute an official interpretation of the proposed complaint or order or to modify the order’s terms in any way.
