

Dissenting Statement of Commissioner Maureen K. Ohlhausen
In the Matter of Qualcomm, Inc.
File No. 141-0199
January 17, 2017

My practice is not to write dissenting statements when the Commission, against my vote, authorizes litigation. That policy reflects several principles. It preserves the integrity of the agency's mission, recognizes that reasonable minds differ, and supports the FTC's staff, who litigate demanding cases for consumers' benefit.
