

Each year, the FTC conducts the Federal Employee Viewpoint Survey (FEVS), a confidential online survey of its employees to assess how well the agency is doing in providing its employees with a positive, healthy, and innovative work environment.

The FEVS, administered by the Office of Personnel Management, contains questions designed to measure employees' perceptions in key areas such as leadership, management/supervision, work experience, performance culture, training and development, pay, awards and recognition, inclusion, and other areas that are important in creating an effective work environment. The FEVS results provide FTC's leadership with information that is used to build upon the agency's strengths, while simultaneously addressing the agency's challenges.
