CONTROLLED

We prefer to have the original and the translation in the same document with a note in the attachment stating that the translation is appended at the end of the original.

Subject: HSR Filing Attachment Set Up

I have a minor formatting question regarding the attachment that is referenced in the attachment document. Is there a specific format for the attachment? I know that this is probably a minor point and I have a number of such documents to submit, and so I want to get it right.

Thanks,
