1. The TIN/SSN line may be left blank if the company cannot identify the entity paying the fee as the "originator" and the OPE / Person Filing Notification as the "beneficiary" in the respective fields.
2. The affidavit and form certificate must be executed (handwritten or electronic). A seal is not permissible for these. The 803 5(a) Notice may be signed as a customer for an official business company.

Kind regards,

Hi all,  
We are representing a Delaware limited partnership ("Acquirer") in a transaction whereby Acquirer is looking to acquire all [REDACTED] of [REDACTED] through [REDACTED].  
Could you please advise as to the following two questions below?

1. With regard to the Fee Information section in the HSR Form, the Acquirer will likely be a foreign person that does not have a company for registration number or social security, name, etc. Is it possible to use a seal impression for the HSR Form and the 803 5(a) Notice and Affidavit?
2. With regard to signatures, is it possible to use a seal impression for the HSR Form and the 803 5(a) Notice and Affidavit?

Thank you very much for your assistance.
