What you propose works. You also helpful if you note in your cover letter and response to item 7(s) that the other acquired UPE has submitted a separate filing.

[REDACTED]

Hi-

My clients (a corporation and a LLC) are each owned fifty percent (50%) by the same two shareholders/members. The corporation and LLC are being sold in an integrated transaction to a single buyer. My understanding is that this results in two (2) UPEs for the acquired persons and thus make one filing and pay one filing fee. I have planned on submitting an affidavit, certificate of incorporation, and articles of association for each entity. If this is not correct, my cover letter or the HSR notification form) should I refer to the instructions to the HSR notification form (but understand this is a unique issue)

Thank you.
