DECISION AND ORDER

DOCKET NO. C-4794

DECISION

The Federal Trade Commission ("Commission") initiated an investigation of certain acts and practices of the Respondents named in the caption. The Commission's Bureau of Consumer Protection ("Bureau") presented the Complaint to the Commission. The Commission, through the Bureau, issued the Complaint under the Federal Trade Commission Act.

The Respondents and the Bureau ("Bureau") entered into a Consent Agreement ("Consent Agreement"). The Consent Agreement includes: 1) statements by Respondents that they neither admit nor deny any of the allegations in the Complaint, except as set forth in this Decision and Order, and that any of the Respondents' responses to the Complaint are necessary to the Commission's investigation and enforcement of the Federal Trade Commission Act.

The Commission considered the matter and determined that it had reason to believe that Respondents have violated the Federal Trade Commission Act, and that a Complaint should be filed against its charges in that respect. The Commission accepted the executed Consent Agreement, and the Commission's decision is based on the information provided by the Respondents and the Bureau, and the Commission's review of public comments. The Commission's decision is based on the information provided by the Respondents and the Bureau, and the Commission's review of public comments. Now, in order to ensure conformity with the Commission's policies and procedures, the Commission makes the following findings, and issues the following Order:
